Dear Belinda,

Recycling has a positive impact on South Carolina's economy-creating jobs and revenue as well as saving businesses money in avoided disposal costs. Recycling also saves energy, reduces pollution and conserves natural resources.

On behalf of the South Carolina Smart Business Recycling Program, I would like to commend Hampton Inn-Woodruff Road for its recycling and waste reduction achievements and for playing an important role in the success recycling has had in South Carolina. Ms. Elizabeth Garrison with Ever Green Recycling informed us of your efforts.

Enclosed you will find a certificate and window clings.

Thank you,

Amanda St. John
